

Fund 312

Public Safety Construction

Focus

This fund supports the construction of fire and police stations, governmental centers with police substations, the Public Safety Operations Center, the Judicial Center Expansion, and other public safety facilities. These projects are funded by several public safety bond referenda approved by the voters. The latest referendum was approved by the voters on November 5, 2002. This referendum included \$60 million to support a new Public Safety Operations Center, the construction of a new facility for the Hazardous Materials Response Unit, renovations to the Jennings Judicial Center, and renovations and improvements to prioritized fire stations.

FY 2005 funding in the amount of \$24,200,000 is included in Fund 312, Public Safety Construction. This funding includes \$1,200,000 in bond funds authorized for the Wolf Trap Fire Station under the 1989 Public Safety Bond Referendum. Funding will support the design and permitting phase of the new station. The fire station will address response time delays on the highly traveled area of Route 7 as well as along the Dulles Access Road corridor. FY 2005 funding also supports \$23,000,000 for the Public Safety Operations Center (PSOC), expected to be based at the Camp 30/West Ox site. The new center will house the Public Safety Communications Center (PSCC) and the Emergency Operations Center (EOC), jointly operated by the Police Department and Fire and Rescue Department. The 2002 Public Safety Bond Referendum included \$29 million to partially support construction associated with the PSOC, with additional costs to be funded through the General Fund, alternative financing sources, and equipment lease funding. The FY 2005 funding level will provide for the appropriation of the remaining bond funds associated with the 2002 referendum, as \$6.0 million was appropriated as part of the FY 2003 Third Quarter Review.

A list of all funded projects is included in the Summary of Capital Projects.

Changes to FY 2004 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2004 Revised Budget Plan since passage of the FY 2004 Adopted Budget Plan. Included are all adjustments made as part of the FY 2003 Carryover Review and all other approved changes through December 31, 2003:

- ◆ At the FY 2003 Carryover Review, the Board of Supervisors approved an increase of \$82,817,083 due to the carryover of unexpended project balances in the amount of \$72,332,175 and an increase of \$10,484,908 in General Fund monies. Of this total, an amount of \$9,984,908 was included for design, engineering, utilities, fees, and permits associated with the new PSOC, and \$500,000 was included for 10 additional consoles at the existing Public Safety Communications Center to address increased call volume and enhance overall effectiveness at the E-911 Center.

A Fund Statement, a Summary of Capital Projects, and a Project Detail Table for projects funded in FY 2005 are provided on the following pages. The Summary of Capital Projects may include some projects without a Total Project Estimate amount. These projects are considered "continuing" projects or projects for which funding is necessary on an ongoing basis (e.g., a contingency or planning project). The Project Detail Table includes project location, description, source of funding, and completion schedules.

¹ Represents anticipated revenue from the Burke Volunteers for their share of the costs associated with construction of the Burke Volunteer Fire Station.

² The sale of bonds is presented here for planning purposes only. Actual bond sales are based on cash needs in accordance with Board policy. On November 7, 1989, the voters approved a \$66.35 million bond referendum for Public Safety Facilities. All authorized bonds associated with the November 7, 1989 Public Safety Referendum have been sold. On November 3, 1998, the voters approved a \$99.92 million Public Safety Bond Referendum. An amount of \$40.59 million remains in authorized but unissued bonds from the November 3, 1998 Public Safety Referendum. On November 5, 2002, the voters approved a \$60 million Public Safety Bond Referendum to support the construction of a new Public Safety Operations Center and a new facility for the Hazardous Materials Response Unit, as well as the renovation of the Jennings Judicial Center and renovations to prioritized fire stations. An amount of \$60 million remains authorized but unissued.

³ Represents funding to support costs associated with Project 009211, Public Safety Operations Center.

⁴ Represents a reimbursement to the General Fund associated with Project 009208, Sully District Police Station. General Fund monies in the amount of \$760,000 were provided as part of the FY 2000 Add On process to accelerate the design of this facility.

⁵ Capital projects are budgeted based on the total project costs. Most projects span multiple years, from design to construction completion. Therefore, funding for capital projects is carried forward each fiscal year, and ending balances fluctuate, reflecting the carryover of these funds.

Fund 312

Public Safety Construction

		
009211	Public Safety Operations Center	

Camp 30/West Ox Complex

Springfield

Description and Justification: This project provides for the design, construction, and equipment associated with a new Public Safety Operations Center (PSOC), located at the Camp 30/West Ox complex. The West Ox complex will house the Public Safety Communications Center (PSCC), Emergency Operations Center (EOC), a forensics facility, a Virginia Department of Transportation (VDOT) district office, a transit bus maintenance facility, and a VDOT operations center. The new PSOC will address increased call volumes and space requirements associated with the E-911 call center and the emergency operations center. FY 2005 funding in the amount of \$23,000,000 represents the remaining bond funds authorized for the Public Safety Operations Center, which was approved by the voters in the Fall 2002 Public Safety Bond Referendum. This funding is consistent with the approved FY 2004 - FY 2008 Capital Improvement Program (with Future Years to 2013). It should be noted that the 2002 Public Safety Bond Referendum included \$29 million to partially support construction associated with the PSOC, with additional costs to be funded through the General Fund, alternative financing sources, and equipment lease funding. The total cost of this project is currently estimated at \$97,022,130 and includes design and construction, as well as extensive technology and communication equipment requirements.
